Truth and Quality

appeal to the Well-Informed in Every walk of life and are essential to permanent success and creditable standing. Accordingly, it is not claimed that Syrup of Figs and Elixir of Senna is the only remedy of known value, but one of many reasons why it is the best of personal and family laxatives is the fact that it cleanses, sweetens and relieves the internal organs on which it acts without any debilitating after effects and without having to increase the quantity from time to time.

It acts pleasantly and naturally and truly as a laxative, and its component parts are known to and approved by physicians, as it is free from all objectionable substances. To get its beneficial effects always purchase the genuine—manufactured by the California Fig Syrup Co., only, and for sale by all leading druggists.

B. Martinez, A. S. Bushkovitz, M. R. Baker, Banks and Banking—Santiago Garcia, Powell Stackhouse, S. Mirabal, C. J. Roberts, A. A. Gallegos, W. D. Tipton, C. R. Brice.

Rules—E. A. Miers, C. J. Roberts, R. L. Baca.

The chief clerks of the two houses spent today in swearing in the minor employees decided upon yesterday.

By Monday it is expected that the work will be well in hand and that the legislature can then get down to active work.

Discuss Employee Problem.

Although the legislature is not yet open to the real work of the present session, the question of extra employees and standing committees was practically settled late last night.

Both the Council and the House held brief sessions yesterday. The House met in the morning and adjourned after fifteen minutes to meet this afternoon. The Council met in the afternoon and while in session passed Council Joint Memorial No. 3.

Introduced by Councilman L. B. Prince, of Rio Arriba, two joint resolutions by Mr. Hanley as substitutes for those introduced the previous day providing for the supplying of both houses with the compiled and session laws, and discussed the extra employee question at considerable length.

For More Irrigation.

The joint memorial introduced by Mr. Prince, was addressed to Congress and prays that that body immediately pass the bill introduced by Delegate Andrews, having its purpose the amendment of the Carey Irrigation Act, so as to make the act apply to the territories as well as the states. The passage of Delegate Andrews' bill, will it is said, hasten the construction of numerous irrigation projects in the arid sections of the territory now held up pending the outcome of this proposed legislation.

While the extra employees in the House will not be announced until tomorrow, those who are to serve in the council were announced yesterday afternoon and sworn in. They total thirty-six. It has been agreed that the Council is to have \$4,000 of the \$15,000 for this purpose and the House \$9,000.

Another Local Option Bill.

According to an announcement made last evening by Rev. W. W. Havens, superintendent of the Anti-Saloon League of New Mexico and Arizona, that organization is to introduce a local option bill of its own, not being wholly satisfied with the provisions of the bill introduced in the Council by President Spies.

This would seem that the proposed local option legislation is to furnish an interesting fight in the present assembly.

Governor Curry, the legislators and the administration are coming in for congratulations on the happy solution of the extra employee problem, and while more employees than usual will be on the pay roll, the cutting down of the pay of each has stretched the appropriation so as to keep well within its bounds. According to Governor Curry economy but not parsimony is to be the watchword of the present assembly.

A KANSAS TOWN BURNS.

Denver, Jan. 21.—A special from McCracken, Kansas, says that the business portion of the town was practically wiped out by fire early this morning. Ten buildings were burned, including the Tennessee hotel. All of the guests of the latter escaped safely. A high wind spread burning brands over the town, and it was with difficulty that the residence portion was saved. An estimate of the loss is not yet obtainable.

President Helps Orphans.

Hundreds of orphans have been helped by the president of The Industrial and Orphan's Home at Macon, Ga., who writes: "We have used Electric Bitters in this institution for nine years. It has proved a most excellent medicine for stomach, liver and kidney troubles. We regard it as one of the best family medicines on earth." It invigorates the vital organs, purifies the blood, aids digestion, creates appetite. To strengthen and build up thin, pale, weak children or run down people it has no equal. Best for female complaints. Only 50c at all dealers.

NATIONAL UNIVERSITY FOR WOMEN ONLY IS HIS PLAN

(Continued from Page One.)

territory shall forthwith appoint a president of the university, who may hold office as such during the period of the promotion of the university, and who shall be charged with the duty of advancing the interests of the university; and that the treasurer of the territory shall act as treasurer of the university during the aforesaid period of the promotion of the university.

Sec. 6. That the services of the foundation committee, the president and treasurer of the university and other committees appointed during the period of the promotion of the university shall be wholly gratuitous during said period.

Sec. 7. That said foundation committee upon the concurrence of a majority of its members may cause said university to become a body corporate under and in pursuance of sections 462 and 463 inclusive, of the compiled laws of this territory as compiled in the year 1897 and that said section 462 be and is hereby amended by inserting the word "university" after the word "of" and preceding the word "colleges" in the fifth line of said section 462.

Sec. 8. That all sums of money or valuable grants of any kind in favor of this university shall be deposited with the treasurer of the territory of New Mexico, and held by him to the credit of said university.

Sec. 9. That the sum of ten thousand dollars is hereby appropriated towards the expenses of said university and that such portions of this sum as may be hereafter expended in establishing said university shall be paid by the treasurer of this territory against expense warrants signed by the chairman of the foundation committee and the president of the university.

Sec. 10. That when it shall be agreed by a majority of the foundation committee that there are funds in the territorial treasury sufficient to warrant the commencement of the buildings of the university, the said foundation committee shall resign their office into the hands of the body corporate created as provided for in section 7; provided that if said foundation committee shall not reach aforesaid decision within two years after their appointment, all such moneys and property shall be returned by the treasurer of the territory to the donors, their heirs or assigns and all unexpended portion of the appropriation herein provided for shall forthwith become a part of the general fund of the territory.

Sec. 11. That when the said foundation committee shall have resigned their office as provided for in the preceding section, the office of the president of the university and all other officers of the promotion period of the university shall expire ipso facto and their holders shall present such reports and accounts as shall be required by the body corporate aforesaid and shall deliver to said body corporate all property of the university which may be in their hands; and that the treasurer of the territory of New Mexico shall transfer to said corporate all property which may have come into his possession or be controlled by him by virtue of the provisions of this act.

Sec. 12. That nothing in this act shall be construed as an obligation of the territory of New Mexico to endow, maintain or in any manner provide for the university hereby established except insofar as is specifically stated in this act.

Sec. 13. That this act shall be in full force and effect from and after its passage.

WEALTHY MINER IS DEAD.

Colorado Springs Colo., Jan. 21.—Word was received here today of the death in New York of Charles L. Tutt, millionaire mining and smelter magnate of this city, death resulting from heart failure. Tutt was a pioneer in the development of Cripple Creek, and leaves a widow and son.

A KNIFE AND A GUN.

Ironton, Ohio, Jan. 21.—During a quarrel today James Taylor was shot and instantly killed by his wife. It is said that he had backed her with a butcher knife because she refused to give him the revolver with which the shooting was done.

CAN FLIRT IN CHURCH.

Chicago, Jan. 21.—While flirting in theatres and other places of public amusement should be tabooed, according to Rev. S. B. Dexter, of Aurora, he has announced that it may properly take place in church, where, he declares, "it is purged of its harmfulness." His decision grows out of a crusade against Sunday night amusements.

Church surroundings and associations, he says, "are entirely different from those which attend amusements in public playhouses. Sometimes the plays in our theatres are a trifle risqué, and if the show be given on Sunday, the result is a general forgetfulness of that fact. Under such conditions flirting is harmful."

"In church, however, I can see no harm in a 'little bit' of flirting if the young people come not to look at each other but to learn the Scriptures."

MORE EARTHQUAKES.

Constantinople Jan. 21.—An official dispatch reports more than 600 houses destroyed by an earthquake yesterday at Phocaea, near Smyrna. The shocks continued and the people are seeking refuge in the mountains.

FLOODS IN CALIFORNIA.

Stockton, Calif., Jan. 21.—At Angels' Camp last night, a cloudburst washed away nine houses and left part of them down under water. One Chinaman was killed. At Farmington, the water was higher than it has been for years. The water is rising rapidly at Linden also. Nearly two inches of rain fell last night and the San Joaquin is rising an inch an hour.
